Don't Shoot the Messenger

A term you have heard many times: Don't Shoot the Messenger. But with over 50 documented assaults against Process Servers, these professionals put their life on the line with each knock on

November 2013

November is A Month of Gratitude!

Help ALIASS "Pay It Forward"

Greetings!

In November, we all come together to celebrate Thanksgiving, a day to give thanks to friends and loved ones from near and far. During this time, families take that extra moment to recognize each other and be grateful for all that they have. At ALIASS, we are *thankful* for you, our clients, and we want to dedicate November as our month to 'Pay it Forward'.

For every \$100 you spend during the month of November, ALIASS will donate \$5 to [Our Daily Bread, Inc.](#) We chose this local non-profit for its commitment to serving disadvantaged families in Fairfax County and their mission of "guiding our neighbors toward self-sufficiency." Over half of those served through Our Daily Bread are children and these families are likely to be members of the working poor - essentially, families who are in financial crisis despite juggling multiple jobs.

**Guiding Our Neighbors
Toward Self-Sufficiency**

What better time than now! Call our office to

the door. Please join ALIASS in sharing this important [PAAPRS service announcement](#) regarding safety in our industry.

MAAPPS News

As a founding member of [MAAPPS](#), ALIASS invites you to learn more about this organization dedicated to the process serving industry. To see if we have an event scheduled in your area, please visit us online at www.maapps.org.

Speak with one of our experienced associates about a service you need or quickly and easily [submit your service request online](#) 24 hours a day, 7 days a week. Help ALIASS to pay our gratitude forward by helping someone less fortunate during this holiday season.

Audio and Video Detection

ALIASS is proud to announce a new service to our robust services portfolio, **Audio and Video Detection**. This new service is also known as 'Sweeps'. Leveraging our experience and state-of-the-art equipment, ALIASS is now able to detect unknown surveillance equipment which may have been placed in your home or place of business. This includes hidden recording audio or video devices, whether they are wired or wireless.

Our Audio and Video Detection team is comprised of the most qualified individuals. Not only are they surveillance experts, but offer sweep-specific Military or FBI experience. Our personnel possess the knowledge and expertise to ensure your request is completed precisely and accurately.

If you have the suspicion that you are being watched or spied upon, give yourself the peace of mind that you deserve. Contact ALIASS today to learn more about **Audio and Video Detection!**

From Our CEO

In all my years at the helm of ALIASS, 2013 has proven to be one of the most exciting! In addition to expanding our staff and our services portfolio, we have also developed new programs and tackled strategic initiatives all to benefit our clients. Whether reviewing results from our 100% customer satisfaction ratings to awarding benefits from referrals and repeat business, I am grateful for all this year has brought for ALIASS.

I hope you will consider taking advantage of our "Pay It Forward" campaign this November. At ALIASS, we are excited to give back to our community and to share our success with those who could use a little more this holiday season.

Wishing you and yours a very happy and healthy Thanksgiving, from everyone in your ALIASS family.

Sincerely,

Steven P. Harris
